THE MATTER OF THE FEDERAL DISTRICT ATTORNEYSHIP.

COMMON CARRIER.

That of the Old Dominion Steamship

Company Duly Approved - Army Transfers-Discharges from Fourth Virginia Regiment.

WASHINGTON, D. C., November 22 .-(Special.)-Colonel Thomas B. Keogh, a prominent Republican of North Carolina, was in the city to-day, on his way North on business. He is a former chairman of the North Carolina Republican State Committee, and was also at one time secretary of the National Republican Committee. Speaking of the situation in the North State to a Carolina citizen, now residing here, he said:

"First, the Democrats are in the saddle, and they will keep their boots in the stirrups for twenty-five years to come. and, my advice to the negroes is that they make money and keep out of

"Third, the senatorship in succession to Marion Butler, Populist, lies between Chairman F. W. Simmons, of the Demo cratic State Committee, and Julian S. Carr, the wealthy tobacconist, of Durham. Ransom is not in the race."

Colonel Keogh left for New York by a morning train.

DISTRICT ATTORNEYSHIP.

Up to 2 P. M. to-day there were no appointments announced at the White House, and I was surprised to ascertain from a visiting Virginia statesman of the Republican persuasion that that of Ger ral Edgar Allan as United States Attorney for the Eastern District of Virginia was daily to be looked for. It is understood that the resignation of Mr. W. H. White, of Norfolk, who now fills

that position, has been in the hands of the Attorney-General for some time, and an official of the Department of Justice is quoted as saying that it would not be accepted and that Mr. White would be allowed to remain in office for the full term. On the other hand, it is well known that the Virginia machine committee re-gards the appointment of General Alian to the position as settled, and they are looking for its announcement daily. COMMERCE-CARRIER BOND.

In reply to a letter from the Collector of Customs at Newport News, Va., of date the 31st ultimo; with which was transmitted the bond, in duplicate, of the Old Dominion Steamship Company as a sommon carrier of unappraised mershandise from that port, Assistant-Secretary-of-the-Treasury W. B. Howeil rules as follows: fules as follows:
"The bond is hereby approved, and a

FOR THE BIG BATTLE.

GREAT INTEREST FELT IN TOMOR-ROW'S FOOT-BALL GAME.

BOTH TEAMS IN FINE CONDITION.

cord This Season and North Carolina Has Not Lost a Game-Who the

The inter-university foot-ball game, which is to be the attraction, par excellence, on Thanksgiving-Day, will be ene of the most interesting contests that have ever occurred on a Richmond gridiron. It is virtually a struggle for the championship of the South, and many believe that the blue and white of North Carolina will this year for the first time float in triumph over the orange and blue of Virginia.

It is due to these rumors that the interest, which is always aroused by this battle of the chrysanthemums, is now highly spiced with excitement. The "Tarheels" have an unbroken record of success, and the 'Varsities have also made a splendid showing.

Both teams are expected to arrive here Both teams are expected to arrive the to-night, and will be quartered at the Jefferson, and their devotees will crowd in their wake. Special trains will be run from both universities and from other approximate points, and with expectation of a splendid game running so high, the local management has made ex-

traordinary preparations to accommodate the vast crowds that are expected to throng West-End Park next Thursday.

Additional stands have been erected on the north side, and admission to these seats and to the bleachers at the east end of the park will be by the cate here. end of the park will be by the gate hereend of the park will be by the gate here-tofore set apart for boys. The Virginia boys, having the selection of the umpire, have named Billy Edwards, of Princeton's team. Carolina will choose the referee. The game will begin promptly at 2:30

The various attributes of the two teams are set forth in the special telegrams to the Dispatch which are given below: The University of Virginia.

CHARLOTTESVILLE, VA., November 22-(Special.)-There is one all-absorbing topic in college these days, and that is topic in college these days, and that is the Carolina-Virginia game in Richmond on Thanksgiving-Day. Interest in the approaching struggle for supremacy supersedes everything else, and all eyes are turned toward the campus in front of the Fayerweather gymnasium, where the team is at work. The long, hard pull up championship hill began last Weds. 

the gridiron, and the friends of Nirginia and her old men will be surprised to ALUM the the average weight of the squad is only about 167 pounds. Although not so heavy as the team of '97, the record this of a hired trainer, as heretofore, all the heavy as the team of '97, the record this season has been a far better one, the University of West Virginia being the only eleven outside of Pennsylvania and Princeton which has thus far scored against the Orange and Blue. This showing is all the more creditable, when it is taken into consideration that there have been five yearnt positions to fill this seas. been five vacant positions to fill this session. These vacancies have been left tackle, both ends, quarter, and both and Third Virginia regiments to take the p'aces of those in the Fourth Regiment

halves.

The real development of the team began in the last week of October. The perfection of signals and the proper co-operation of the men in the many different plays, with particular attention to interference for the runner and the defensive work of the line, were all brought to a greater degree of efficiency in the daily drills. How well these efforts succeeded was amply evidenced in the vast improvement First West Virginia Volunteer Infantry, now at Columbus, Ga., is transferred to Company L. Fourth Virginia Volunteer Company L. Fourth Virginia Volunteer Infantry, and will be sent to the station Infantry Infan and the visitors were unable to approach anywhere near the Orange and Blue goal. Stuart, and George W. Traylor, all of Company K, of Petersburg; also, Private R. L. Lash, Company E, of Norfolk. Virginia, 0; University of West Virginia

PERSONNEL OF THE TEAM.

At right end is Summersgill, the crack pitcher on the 'Varsity base-ball nine. He is one of the stars of the eleven, and does not lack experience, having played end on the Brown University team. He breaks interference well, tackles low, and is swift on his feet. He plays a heady game, and is always on the lookout for a fumble. His work in the Princeton A new post-office has been established and Vanderbilt games was especially brilliant. Summersgill is 5 feet 10 inches tail

and weighs 166 pounds.

Captain Collier, who is at right tackle, weighs 263 pounds stripped, and is one mass of muscle and marvellously fast, having a track record for the hundredyard dash of 101-5 seconds. His remarkable interference has earned many of Virginia's touchdowns for her, while tackling and general defensive work is of high order. He is very aggressive, always on the move, and hardly ever falls to advance the ball when called upon. This is his third year on the team.

is playing his usual steady game. He is 6 feet 2 inches tall, weighs 180 pounds, can withstand considerable pressure, and open up or fill in a hole in the line as frectually as possible. He is good for

shoes at centre, has been putting up a fine game. While not a showy player, he is one of the headlest and most aggres. sive of Virginia's players; always quiet, but ever watchful of the game, and is never caught off his guard. He sends the beam up to 203, is well proportioned, and an obstinate ground holder. He does most of the goal kicking after touch-downs, and his record this season has

been exceptionally good.

Davis, left guard, is said to be the best tackling guard that ever represented Virginia on the gridiron, and it is very much regretted that this will be his last year in college. He uses the best of judgment and cannot be daunted, and many attempts to pass him will be frustrated with his 173 pounds weight. He is 5 feet 11 inches tall. He is probably the strongest man in the line, and often gets in a pretty tackle. He is in splendid condi-

At left tackle is Lloyd, an old Richmond College man. His tackling is as "sure as death and taxes." and he tarely fails to make an opening when called upon. He is strong, quick, and fast, and eaks through the opposing line continu-ly. He is 6 feet tall and weighs 171

Estes, on left end, is the lightest man in the line, but a very steady player. His tackling is sure. He is swift on his feet and excels in getting down the field under kicks. He weighs 142 pounds, and is 5 feet 10 inches in height.

5 feet 10 inches in height.

"Sandow" Moore, at right half-back-height, 5 feet 10 inches; weight, 165-is the star player of the eleven. He runs hard, is quick in starting, and hard to stop. He is splendid around the ends, being very fast and a very good dadger in a broken field. He did fine work in the Georgetown and Vanderbilt games.

Wills has not been able to play since the game with the University of Maryland, and in his place at left half-back

is Griffin. He is relied on chiefly for gains through the line. His quick, fierce plunges rarely fail to yield the desired five yards. He tackles well and inter-

gains through the line. His quick, flerce plunges rarely fail to yield the desired five yards. He tackies well and interferes fairly well. He weighs 170 and is 5 feet 11 inches tall.

Elsom, at full-back, bucks the line poorly. His kicking has always been sure and good, some of the punts being for phenomenal distances. Elsom is 5 feet 10 inches tall and weighs 170 pounds.

At quarter-back will be Shibley; height, 5 feet 8 inches; weight, 143 pounds. This is his first year on the team. Ha is, however, well trained in the position, having had several years' experience at St. Albans School, Radford. His quickness and accuracy are fine points in his favor. At catching and returning punts he is one of the mainstays of the team.

THE SUBSTITUTES.

Among the substitutes, Walsh, subquarter, is probably the fastest man not before named. He calls signals rapidly, and passes the ball accurately, seldom fumbling. He is 5 feet 6 inches tall and weighs 145 pounds.

Willis, who has been alternating with Estes at left end, has shown up remark ably w-ell. His work in the Princeton game was exceedingly creditable. He will have no trouble in making the 'Varsity next year. He weighs only 140 pounds, but he makes up in quickness and strength what he lacks in weight.

Coleman, who has played full-back in several games, is good at line-bucking, but not a very hard kicker. He sends his balls too high to go far. Coleman weighs 144 pounds, and is 5 feet 81-2 inches tall.

Baxter Moore, a brother of "Sandow" Moore, has shown up well for the short time he has been out. He will prove a valuable man next year. He is 6 feet tall,

time he has been out. He will prove a valuable man next year. He is 6 feet tall,

and weighs ITI pounds.

Harris, although not in the best condition, has done good work at guard. He charges his man fairly well, but is best on defensive play. He weighs 165 pounds, and is 6 feet tall.

and is 6 feet tail.

At half-back the men who have been doing valuable work on the scrub are Bird, Taylor, and Bullitt. Bird has shown up probably better than any of the new men, and will have a cinch in making the 'Varsity next year. He is 6 feet 61-2 the 'Varsity next year. He is 5 feet 61-2 inches tall, and weighs 150 pounds. He and Bullitt are daring line-plungers, with plenty of fire and dash. Taylor is a brother of Saunders Taylor, the famous lit-tle quarter-back on the "team of 1894." For the greater part of the season he has captained the second eleven, and deserves credit for the way he has tolled to assist credit for the way he has tolled to assist in getting the 'Varsity eleven in trim. He is a wary and determined player, and makes a very good back. He weighs 140 pounds, and is 5 feet 8 inches tall.

Other players who have been faithful upon the scrub are Henry, Robinson, Lea, Cook Pinkerton, and Adams.

Cook, Pinkerton, and Adams. WEIGHTS AND POSITIONS.

have ever represented the University on Criffin, left half-back. 154 ALUMNI COACHES.

work has been done by alumni coachesmembers of former teams. Whatever success the 1838 'Varsity eleven has attained is due to their united efforts. Among the old men who spent a week or more here, giving the applicants the benefit of their experience, were "Archie" Hoxton of Alexandria; Porter Parker, of New Or-leans; "Bob" Mudd, of St. Louis; "Mike" Johnson, of the United States navy; "Mac" Pope, of Baltimore, and "Billy" Abbot, of Lynchburg. Mr. J. A. Massie of Newport News, the head coach, has spent several weeks with the team, while Dr. "Arlie" Jones and Dr. W. A. Lambeth, of the University, have aided most materially in the development of eleven, giving freely of their time and valuable experience Mr. R. L. Parrish has managed the team

with marked ability, and the season has been flatteringly successful. GREAT INTEREST IN THE GAME.

A mass-meeting of the students was held in the Fayerweather Gymnasium last evening to arouse interest in the Thanksgiving-Day foot-ball game. Ad-dresses were made by Dr. Paul B. Barrin-ger, chairman of the faculty; Professor 'Billy" Abbot, of the team of 1886 S. B. McPheeters, Dr. "Arlie" Jones; Mr G. B. Wallace, president of the Law Class; Captain Collier, and Manager Parrish, of the 'Varsity eleven. All of the speeches were enthusiastically received, and college spirit was displayed as per-haps it never has been on any similar occasion. On motion of Dr. Bullitt, a resolution was passed requesting the presidents of the Medical, Law, and Academic classes to appoint leaders to preside over the stands occupied by the different classes at the game Thursday, and to see that the rooting is conducted systematically. Upon the adjournment of the meeting the students-numbering about four hundred-marched in a body to the rotunda and up and down the lawn, singings songs and giving college yells. Be-fore dispersing they marched, eight abreast, down to Union Station, where they wheeled about and marched back again, making the welkin ring with their

hurrahs.

Notwithstanding the hard game with the Naval Cadets on Saturday, the team was yesterday afternoon given perhaps the hardest work of the season. "Johnnie" Poe, the ex-Princeton captain, who arrived from Washington on the 2:25 train, had charge of the men, and there was little rest for them from the time they stepped on the campus until they return stepped on the Campus dutary retained to the gymnasium. Poe was assisted in the coaching by Dr. "Arlie" Jones; "Archie" Hoxton, of the Episcopal High School; "Billy" Abbot, of Bellevue, and Lambeth, of the 1896 'Varsity eleven.

The 'Varsity lined up for about eight minutes against the scrub, and the battle was a flerce one, neither side being able to score. The second eleven was strengthened by Dr. Jones; Wallace, last year's centre, and Pierce, of the 'Varsity eleven Willis and Summersgill, who were in

fured in Saturday's game, were both ab nt from the practice, their places being "Billy" Martin and Taylor. former has just re-entered college, while the latter has been showing up in fine form on the scrub. Elson's place at fullback was taken by Coleman. It is hoped to take their places on the team by

The North Carolina Team.

CHAPEL HILL, N. C., November 22.-(Special.)-To meet the University of Virginia this time Carolina will send one of the strongest teams she has ever put out. The men have been under the efficient coaching of Mr. William A. Reynolds, an old Princeton man, who came to North Carolina in the fall of 1897, and after a season of hard, conscientious work, sent to Richmond to meet Virginia on Thanks-giving-Day a team light, but quick and gritty. Recognizing his ability as a coach, the management again secured his ser-vices for the 1898 team. So, in the spring of this year he entered the Law L ment, and coached the base-ball

ment, and coached the base-bail team. September found him here ready to begin work at once. The material this year was encouraging, and Mr. Reynolds started the training so necessary for the development of a strong team.

The team was weakened by the failure of Captain A. W. Belden to return to college. Mr. F. O. Rogers was appointed to fill his place by the Athletic Advisory Committee, and it is due to his work and that of Reynolds that Carolina is represented this fall by such an admirable combination.

Captain Rogers is a player of experience. He handles his team well, and knows the game thoroughly. He plays quarter-back; weighs 150 pounds; is 5 feet 3 inches high, and 22 years of age, He is a hard and sure tackler; passes the ball quickly, and gots into every play. In 1205 he was captain and quarter on the scrub team. In 1896 he played end on the 'Var-

sity, but 1897 found him again at quarter, where he made a clean record. Recognizing his ability as a commander, the team confirmed his election as captain by the Athletic Advisory Committee, and they have full confidence in him.

At centre will be found H. B. Gunningham, of the 1897 team. He is probably the lightest centre rush in America, but is strong and active; weighs 145; height, 5 feet 9 inches; age 21. He snaps the ball with care and quickness, is good at breaking through the opponent's line, and is a fine tackler.

NEW BUT GOOD MEN.

NEW BUT GOOD MEN.

At his right will be found Phifer. 7 his is Phifer's first year in college, but he has developed into a star. Weighs 190, and his height is 6 feet 11-2 inches. On his right is Frank Bennett, probably the finest tackle in the South. He weighs 190 pounds. He played first at tackle on the 1896 team, and 1897 found him at the same place, much improved. He breaks through his opponents well, and gets into all plays. He is quick and powerful, and uses his head. nses his head. Next to Bennett at end will probably

Liver Pills. I

a new woman;

past. I shall

for what it has

863 Lisbon St.

Next to Bennett at end will probably be W. L. Kluttz, the manager of the team. Kluttz weighs 145 pounds. He is a member of the senior class. In his freshmen's year he was end rush on his class team. The next season found him on the scrub, and in 1897 he played a star end on the 'Varsity. That year he was also manager, but he will have to fight hard to hold his place, as he has a strong rival in Koehler.

On Cunningham's left is Preston Miller. Miller entered college this fall, and easily outstripped all rivals for his position. He is quick and aggressive, and tackles well.

is quick and aggressive, and tackles well.

He weighs 200 pounds.

At left tackle is "Mike" Shull, left tackle on the 1897 team. Shull entered the University in 1897. In 1896 he played on the Lafayette College scrub team. He is probably the best man in the line on defensive work, is tough and speedy, and tackles, bard. defensive work, is tough and speedy, and tackles hard.

THE BRIGHT PARTICULAR STAR. On his left is the great end rush and aptain of the famous 1895 team, E. C. He graduated in 1895, Gregory. now studying law. He is quick on his feet, is a hard and sure tackier, hard to block, and good on breaking into inter-

At half-back will be found Joseph Mac-Rae, Howell, Buxton, Copeland, and Coxe.
These are all experienced players.
MacRae is perhaps the star half-back

of the South. He entered the University in 1897, but unfortunately, was seriously injured at the first of the season and preinjured at the first of the season and prevented from playing on the 'Varsity. Before entering the University he captained the team of the University of Tennessee, where he made an enviable record at halfback. He is quick, sure, and heavy. With him plays James Copeland. Copeland weighs 160, is 5 feet 71-2 inches high, and 29 years of age. This is his first season weighs 169, is a feet 11-2 lineaes has 20 years of age. This is his first season on the team, but he has already developed into a sure half. He is quick, runs well, bucks the line hard, and is a steady

Another strong pair of backs is Howell and Buxton. Howell plays left half. He is light but fleet as a deer; weight, 145; height, 5 feet 9 inches, and 25 years of

For steady, sure gains there is no stronger half-back in the South than C. B. Buxton. He sticks close to his interfer-B. Buxton. He sticks close to his interference, and always makes his distance. He is powerful, hits the line hard, and tackles fairly well. Besides playing half, he is a substitute full-back.

he is a substitute full-back.

At full is Ernest Graves. Graves is a junior. In his freshmen's year he played at full on the scrubs, but was laid off about the middle of the season with a backer. about the middle of the season with a broken clavicle; 1897 found him again on the field. That year he was substitute full-back to the great Belden, and in the last part of the year played half; 1898 found him the strong Tull-back, who alone could fill the absent Belden's place. He is a strong line bucker, and strong on punting and drop-kicking. He is one of the best tacklers on the team. The substitutes are Coxe at half, Os-

borne at quarter, Cromartie, Neville, and McIver in the line. A BRAVE RECORD.

This is the team that Carolina sends against Virginia. So far its record has been an unbroken line of victories. It U. of N. C. vs. Gullford College.....18-0

NORFOLK PUBLIC BUILDING.

Bids for Constructing It-Norfolk and Richmond Bidders.

WASHINGTON, D. C., November 22. (Special.)-Bids were opened in the Supervising Architect's office, Treasury building, at 2 o'clock P. M. to-day, for constructing the Norfolk public building. The room was crowded with contractors and bidders, showing the interest felt in the project. ng those present were Mr. McCar-

thy, of Norfolk, and Messrs. Burton and Chesterman, of Richmond.

Mr. Kemper, Chief Clerk of the office, a Virginian, read off the bids, and nearly every man in the room made a memorandum of the amounts named. Because of the numerousness of the bids, an hour was consumed in reading them. Mr. Taylor, the supervising architect, says it will take several weeks to examine the bids and see if they follow specifications. When this is done, he will determine which of the four schemes submitted is, in his opinion, the best and cheapest, and then, the responsibility of the bidders having been determined, the contract will be

On the face of things, it looks as if the McElvaine Unkerfer Company, of Pitts-burg, is the lowest bidder, with Wil-liam H. Ellis, of Washington, D. C., the

ere were four informal blds-that of the E. G. Acker Construction Company, of Norfolk, being one, as no check accom-panied it. The bids of Messrs. Spiers, of Washington; Churchyard, of Buffalo, and Beaman, of Cincinnati, were also un-accompanied by checks, which should be 2 per cent. of the amount of the bid.

FOUR DIFFERENT "SCHEMES." fications call four "schemes." The first scheme contemplates using limestone or sandstone on the exterior. The second is mond. These three clerks have been per-Bids were submitted on what the specisandstone on the exterior. The second is the same as the first, except that a wrought-iron fence is to be placed on the street sides, instead of masonry. The third scheme is the same as the first, except that all stone-work above the second floor of the yard fronts, and the yard fronts between the first story and the base moulding, and the inside of the yard walls, is to be of light brick. The fourth scheme is the same as the first story and the base moulding, and the inside of the yard walls, is to be of light brick. The fourth scheme is the same as the first, except that a first except that a first except that a first except that all stone-work above the second the matter relating to their salaries came up. The question of the legality of their acts was never questioned until the matter relating to their salaries came up. The question of the legality of their acts was never questioned until the matter relating to their salaries came up. The question of the legality of their acts was never questioned until the matter relating to their salaries came up. The question of the legality of their acts was never questioned until the matter relating to their acts then arose, for if they cannot or a salaries they are not clerks of the court, and if they are not clerks of the court, and if they are not clerks of the court, and if they are not clerks of the court, and if they are not clerks of the court, and if they are not clerks of the court, and if they are not clerks of the court, and if they are not clerks of the court walls, is to be of light brick. The fourth walls, it is to be of light brick. The fourth walls, it is to be of light brick. The fourth court is the functions of the court walls are the functions of the court walls are the functions of the court walls.

Thanksgiving Charity. Thanksgiving-Day should remind the Transcription - Day should remind the fortunate of those who need the commonest of life's necessities. One of the best-known philanthropists of Richmond calls attention to the great need of clothing for children under 3 years of age at the Foundling Hospital, Thirty-second and Clay streets. It is expected that all who can do so will leave at this address articles to keep the suffering orphans

articles to keep the suffering orphans warm.

Thanksgiving-Day is also "Donation-Day" at the Richmond Home for Ladies, No. 515 north Fifth street. The managers hope to receive to-morrow liberal gifts in the form of groceries and housefurnishings.

Seconds.

Last year the company abolished the Heads. Not Dodgers, and Madison avenues, and some other streets, Company of Madison avenues, and this year a similar change is being carried out on Sixth and Eighth avenues, while at the particular.

THREE HAPPY WOMEN. Each Relieved of Periodic Pain and Backache, A Trio of Fervent Letters.

> Before using Lydia E. Pinkham's Vegetable Compound, my health was gradually being undermined. I suffered untold agony from painful menstruation, backsche, pain on top of my head and ovarian trouble. I concluded to try Mrs. Pinkham's Compound, and found that it was all any woman needs who suffers with painful monthly periods. It entirely cured me.—Mrs. GEORGE WASS, 923 Bank St., Cincinnati, O.

For years I had suffered with painful menstruction every month. At the beginning of tion it was impossible for me to stand up for five minutes, I felt so miserable. One day a

of Mrs. Pinkham's was thrown into my I sat right down and read it. I then got E. Pinkham's Vegetable Compound and can heartily say that to-day I feel like my monthly suffering is a thing of the always praise the Vegetable Compound done for me,-Mrs. MARGARET ANDERSON.

Lydia E. Pinkham's Vegetable Compound has cured me of painful menstrus. tion and backache. The pain in my back was dreadful, and the agony I suffered during menstruation nearly drove me wild.

Lewiston, Me.

Now this is all over, thanks to Mrs, Pinkham's medicine and advice,-Mrs. CARRIE V. WILLIAMS, South Mills, N. C.

The great volume of testimony proves conclusively that Lydia E. Pinkham's Vegetable Compound is a safe, sure and almost infallible remedy in cases of irregularity, suppressed, excessive or painful monthly periods.

"The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year."

JUDGE WADDILL'S CLERKS.

Question as to the Legality of Their Acts-Congress May Untangle Muddle, A Washington special says: Judge Wad-

dill, District Judge of the Eastern Dis-trict of Virginia, called at the Treasury Department to-day to ascertain the jed on the work, and latterly the recon status of the clerks of his court. There are three clerks of the court, each of which has held his position for years, and now they have discovered that there is a provision for only one clerk of th court, and no one seems to know which of the three clerks is the clerk. During the civil war the Confederates and Federals took turns in holding Northern Virginia. In those days the District Court had no fixed habitat, but travelled from permitted. Court was held at Norfolk and Alexandria, and later at Richmond. peregrinations of the District Judge were There was quite a smile when the Acker continued after the war, and are still go-Construction Company's bid was read, be-cause of its uniform is-cent ending. court every time the Judge moved, an ar-rangement was effected by which there walls, is to be of light brick. The fourth scheme is the same as the second, except their acts by special legislation, and that that all stone facing above the second floor is to be of light brick. Any approved their acts by special legislation, and that they are to be of light brick. Any approved the question as to who is the real clerk of the court be decided. He hopes to have two clerks—one at Norfolk and the other at either Richmond or Alexandria. Among the bidders and amounts bid are the following:

Among the bidders and amounts bid other at either Richmond or Alexandria, He says that owing to the great number of admiralty cases he cannot do without a clerk at Norfolk all the time.

Overhead Wires in Cities. To the Editor of the Dispatch:

It may be of interest to note that in Burton & Chesterman, Richmond, Va.: \$200,000 00 \$200,000 00 \$196,000 00 \$198,000 00 18 m. 1897 the street cars in New York took 60 per cent, as many fares as all the com-bined steam railroads of the United States, or, in other words, more half as many fares were taken on 2281-2 miles as on 180,000 miles. This comparison surely establishes the claim of New York city that its street rallway traffic is the densest in the world. To meet this tremendous traffic, the headway of the cable cats was gradually reduced, until in 1825 the cars ran at intervals of six

same time electric conduits are being laid on Broadway, and the necessary equipment for the operation of the road put in When these improveemnts are completed there will be more than fifty miles of un-

tion 6.287 men and 460 carts were employ structing force was increased to SII carts and 9,000 men. Electric lighting is said to have reach-

ed its highest development thus lat Parls, where, thanks to the subways, I very troublesome question of how to d pose of overhead wires never arises. Budapest has at least forty miles of underground trolley, and all other wires such as lighting, telegraph pairel, and fire-alarm, are in subways, I am quite aware that the ordinary layman thinks little or nothing of the danger to the firemen, who rourly that their lives in trying to save city and pri-

der in position to do his work by att a live wire (and they are hard to disti guish), and I doubt not his mind would change rapidly. Let me assure you in all overhead wires are dangerous. cause, although they may not be crossed by accident by one that the result is practically the same if death ensues, which it most assuredly will, if the tension is sufficient. C. G. ASHBURNER.

A curate once courted a nice little miss.
Grace by name, and by nature a sinner.
He never dared ask for "Just one little kiss."

P'rhaps he thought by his preaching to win her!
His most passionate speech, when they sat down together,
Was "A very fine day" or "Most singular weather!"

"Ah me! He is vowed unto silence," 4ho "Tis my mission to make him abjure fi.
Pa must ask him to dinner; I'll six by his

And I really should think I could cure

So he came, and they all tried their hardest to make

Him feel really at home; to insure it.
He was seated by Grace, and, his silence to break.

Said her father (who couldn't endure it)Forgetting the "blessing" "Now what will you take?"

"I should like to say—Grace," said the curate.
